JINXUN Door factory was founded in 1996, we started with the automatic roll forming production line imported from Australia, then we produced steel frame export to Sydney and Perth.

We exported 6 panel steel doors to US and Canada in 2000,

We are the 1st door factory to export steel door with KD frame to Panama in 2004.

To improved the security door system , we started to produce security door with Multi-T lock system in 2008

We have been supplied doors to large supermarket more than 10 years

Our idea is from the supplier become the partner and grow up together with our customers!
